The New Pass is one of the nicest, cleanest and easiest handled propositions in the state, Mr. Mitchell says, and during the coming season it is more than likely that a mill of good capacity will be installed to reduce the ores to builion.

OFF FOR GUANO BEDS.

Manager Richter Afraid the Men Are Running Short of Water.

Albert Richter leaves for a several days trip to the guano beds on Gunniston is sand, in Salt Lake, today, Mr. Richter has had men at work on the island since Dec. 23, and though they are well provisioned, it is feared they have had none too much water to see them through. When Richter left there was everal inches of snow, which had dirifted in among the rocks on the highest profitions of the island, and the men were instructed to keep the two or three forty-sailon barrels full of water by melting snow as long as it lasted. If that influnction was obeyed, he men must still have plenty, but as io smow to speak of has fallen since the insert of the month, and as the salt-laden of the siand, and as the salt-laden of the siand, and the good luck, will reach the island sturcay afternoon. Before returning will probably cross to the west side the lake and take a short whirity ough the Glendals lead during the Glendals lead during the coming scale and that a decrease of the company. He reports that the upraise from the south the upraise from the south provided of the gand that of the upraise sill before the sile of the month and as the salt-laden of the company was not the salt of the salt of the sile of the sile of the month, and as the salt-laden of the company was in stockton the lake and take a short whirity ough the Glendals lead during the coming colored the company. He reports that the solution of the turn before the company was in Stockton the company was in Stockton the company was in Stockton the company. He reports that the grant the such trembot the solution of the salt the such trembot desired the solution of the salt the such trembot destination of the salt the such trembot destination of

Secretary Taylor said yesterday that he had never intimated that Young had done anything wrong; that so far he had found no evidence that warrants any such inference, and he declared that the newspapers had received nothing from him that warranted the tales they had told. Exsecretary Young, who has been confined to his home for several days with a severe attack of tonsilitis, came down town yesterday and remained long enough to tell how the present trouble originated, and his connection with it.

The bonds will be unten. Offerings will be made to ted States Mining stockholders the public at a price yet to be ced, and with the bonds will be bonus of stock at a nominal made up from the treasury Under this arrangement it is do realize about \$300,000. Of nount one-half will be used for struction of a smelter and incicequipment, leaving \$400,000 cash treasury for future development After the bonds have been the management of the company turned over to such officials as derwriting syndicate and others decreased in Salt Lake was sold yesterd. Yet can the various mines contiguous to Shvel City as there are at Eureka.

PICNIC STRIKE.

Exaggerated Report's Published Concerning Its Importance. (Special Correspondence.)

Silver City, Jan. 25.—The exaggerated report concerning the conditions in the Picnic mine, as published by a Salt Lake paper, are not at present warranted, and as E. H. Buchanan and Frank M. Schuyler informed the writer, are a trifle premature. As Mr.Butchanan said, the mineral bearing stuff they are lifting fooled all the men about the mine, as well as the local and others which followed later. Less than two months ago the Savanic was shan two first at the part of this city, and several others to compare the provide shan and several others to compare t richest carload of copper ore ever marseted in Salt Lake was sold yesterd y City as there are at Eureka.

Colonel Pickett and Mr. Miller wore happy smiles yesterday over the results obtained from the shipment. The colonel left for the south last night and will spend several days at the miner making examinations and will confer a share, or \$12,500 for the block.
